

FACILIPRO™

ECOLAB®

## Clean and Fresh Performance You Can Count On

Our FaciliPro Home-Style Laundry Program provides reliable and consistent dispensing and cleaning performance to deliver clean and fresh linens with every wash.

- ▲ Delivers **best-in-class cleaning performance** against most common soils and stains including body soils, starch-based stains and protein-based soils.
- ▲ Helps **eliminate malodor** in the first wash and provides **lasting freshness**.
- ▲ **Safe and easy to use** laundry program that uses the right amount of product and delivers **consistent results** in both low and high temperatures.
- ▲ Detergents use a **new enzyme technology**, resulting in fresh and clean linens and personals.

Compatible with HE  
washing machines.

# A Complete and Effective Home-Style Program

With two dispensing options to choose from, Ecolab has a solution to best fit your home-style laundry needs.

## Dispensed Solids

- ▲ **Safe for Users**  
Solid program significantly reduces access to product and is safe for users.
- ▲ **Easy to Use**  
Controlled dispensing with a simple push button helps reduce product over-consumption and waste.
- ▲ **Gentle on Linens**  
Mild chemistry is gentle, yet results in hygienically clean linens.
- ▲ **Innovative and Advanced Formula**  
Detergent features surfactants, enzymes, water conditioners, and optical brightener.

## Unit Dose Packs

- ▲ **Convenient**  
Quickly grab a packet for current laundry load.
- ▲ **Premeasured Product**  
Simply toss a pack into the wash without any measuring required.
